

Renewable Thermal Collaborative

Intro and Industrial Heat Pumps

Blaine Collison
RTC Executive Director

What Is the RTC?

The RTC is the only global, buyer-led coalition focused on decarbonizing thermal energy with renewables.

We focus our work across the intersecting issues of **technology, market development, and policy.**

RTC Members (buy-side) and Sponsors (solutions-side) are invited to participate in multiple RTC workstreams to:

- Identify and address barriers;
- Accelerate solutions;
- Implement projects and policies.
